Electrolysis

Electrolysis is the only proven safe medically approved method of permanent hair removal. This is achieved by passing a small electric current through a fine probe to the hair root. All electrolysis is carried out by fully qualified electrolygists who have completed advanced examinations to be registered with the British Institute & Association of Electrolysis (M.B.I.A.E).

Electrolysis	15 mins	£18.00
	30 mins	£30.00

Advanced Treatments

Several different types of skin blemishes can be successfully treated with advanced electrolysis. All our electrolygists have advanced qualifications for these treatments.

Some skin blemishes can be removed in one treatment and others may require several treatments to be completely removed.
